Safe and Inclusive School Plan

Ensuring Positive Learning Environments

 This year we are focusing on regulating healthy emotions.

We are doing this to help equip students with strategies and skills to improve mental well-being.

Throughout the year, we will be:

1. Feeling safe and able to articulate feelings
2. Engaging in student voice in class discussions regarding emotions
3. Recognizing and learning about trans visibility days, social justice issues

Community/Home Connections

Ask your child about how they are feeling and how they contributed to class discussions.

Encourage student voice at home and at school.
