Safe and Inclusive School Plan

Ensuring Positive Learning Environments

This year we are focusing on regulating healthy emotions.

We are doing this to help equip all our students with strategies and skills to improve mental well-being. .

Throughout the year, we will be:

1. Feeling safe and able to articulate feelings in a safe and inclusive environment.
2. Engaging in student voice in class discussions regarding healthy emotions.
3. Recognizing and learning productive strategies to promote healthy feelings.

Community/Home Connections

Ask your child about how they are feeling and how they have contributed to class discussions at school.

Encourage student voice at home and at school.

With your child, explore the many resources found on the TVDSB safe schools and well-being website: <https://www.ca/en/parents/safe-schools.aspx>
